Springwater Trail High School is one of three high schools in the Gresham-Barlow School District and is offered as an option to students who are not interested in attending a large high school. They are willing to sacrifice a broad selection of electives, athletics, and activities in order to benefit from a smaller, more personalized environment. Springwater Trail High School is a 4-year accredited high school with the same standards and graduation requirements as either Gresham or Sam Barlow High School. **However, we are a proficiency-based teaching, learning and grading system school**, which makes us unique and is a contributing factor to our high achievement results.

Students who are accepted for enrollment at Springwater Trail do so having made a commitment to attend regularly and graduate from this campus. If the student fails to attend at least 80% of the time, or has 2 or more incomplete and/or failing grades the school, after a review of individual needs, may take appropriate action up to and including dropping the student from Springwater Trail and enrolling him/her in the neighborhood high school.
